

Title: Analyst

Location: UK

Term: Permanent

Reporting Relationship: The position will report to the Chief of Staff

ICHOM is committed to transforming healthcare to a value-based system through universal measurement and reporting of patient outcomes. ICHOM was co-founded in November 2012 by Professor Michael Porter of Harvard Business School. ICHOM builds global flagship programs – developing, maintaining and implementing Standard Sets, collecting and benchmarking patient data. Standard Sets are created by groups of global experts including patients and doctors. Advanced data analytics allow stakeholders to compare patient outcomes across the world.

Job description:

Help ICHOM improve its performance and growth by solving problems and finding new and better ways of doing things. This includes the design or modification of business processes – interacting with the stakeholders and subject matter experts in order to understand their problems and/or needs, suggesting and implementing solutions.

Provide strategic and operational analysis to inform senior decision makers in support of the Strategic Planning activities, including analysis of internal and external strategic factors, market factors, demand, and capability and capacity assessments; through analysis of data. This role will be responsible for preparing the materials for Board meetings and reporting the progress of companywide results.

Responsibilities:

- Analyse data from a range of internal and external sources to produce strategic papers in support of organisational strategy
- Produce regular strategic analysis to inform senior managers and Board members
- Produce ad hoc research and analysis appropriate to ICHOMs needs
- Research new product ideas identifying potential costs, competitors and overall viability
- Analyse and interpret any results drawing inferences and making recommendations as required
- Prepare for meetings and conferences as required.
- General support to the operations department

Requirements:

- Degree educated
- Professional experience in a similar role
- Adaptability
- Able to work across multiple levels of the organisation
- Ability to think strategically
- Advanced Excel and PowerPoint skills
- Strong financial background
- Work within a consulting organisation and/or in the Healthcare industry advantageous
- Inquisitive and organised
- Outstanding work ethic and must excel under pressure working across different time zones
- Ability to effectively multi-task and prioritize needs
- Exceptional attention to detail and organizational skills
