

## 57 Prominent Brazilian Healthcare Institutions Recognized for Value-Based Healthcare Delivery

*Valor Saúde Brasil, an implementation partner of ICHOM in Brazil, has acknowledged hospitals and healthcare providers as leaders in value-based healthcare delivery. These exceptional institutions have been awarded the implementation of an ICHOM set.*

Value-based healthcare delivery means achieving healthcare outcomes that matter to patients while optimizing available resources, thereby minimizing waste. This approach benefits everyone involved by improving patient safety, broadening access to healthcare systems for the population, and offering high-quality care at reduced costs for organizations.

Failures in delivering value result in unfortunate consequences such as deaths, complications, increased suffering, and inefficiencies leading to waste.

To gauge the delivery of value in healthcare, Valor Saúde Brasil has developed the Valor Saúde Brasil Index (IVSB).

### About IVSB

The IVSB allows for a comparative analysis of an institution's value delivery against an ideal benchmark. Using computational algorithms and machine learning, Valor Saúde Brasil assesses whether mortality rates and efficiency exceed expectations for a given population. This assessment is based on individual patient health profiles, potential clinical complexities, and critical factors. The IVSB generates a score ranging from 0 to 100, with a higher score indicating superior results. This scoring system facilitates comparisons of an organization's achievements against the ideal standards.

Valor Saúde Brasil by DRG Brasil + Artificial Intelligence, has engaged 530 hospitals and 149 health insurance providers in measuring and enhancing value delivery.

In 2023, 57 institutions distinguished as IVSB Leaders for their exceptional outcomes across various care pathways received the IVSB Award. This recognition ceremony held in Belo Horizonte/MG on December 5th honored 34 hospitals and 23 healthcare providers from diverse regions across Brazil.

### Awarded Hospitals:

- Centro Hospitalar Unimed Joinville
- Uberlândia Medical Center
- Hospital Unimed Litoral

- Hospital Erasto Gaertner
- Hospital Rio Doce
- Hospital Santa Rita de Cássia
- Hospital São José de Colatina
- Hospital Unimed Campinas
- Hospital de Amor
- Hospital Unimed Fortaleza
- São Joaquim Hospital e Maternidade
- Hospital Unimed Volta Redonda
- Hospital Geral Unimed - Unimed Maringá
- Hospital Geral Unimed - Unimed Ponta Grossa
- Hospital Unimed Piracicaba
- Hospital Unimed - Americana
- Hospital Unimed Araxá
- Hospital Humanitas Unimed
- Hospital Metropolitano Unimed Vale do Aço
- Hospital Unimed - Unimed Nordeste - RS
- Hospital Unimed Pelotas
- Hospital Nossa Senhora das Graças
- Hospital Ministro Costa Cavalcanti
- Hospital São Vicente Curitiba
- Hospital Santo Antônio de Blumenau
- Hospital Unimed - Unimed Grande Florianópolis
- Santa Casa de Marília
- Hospital Márcio Cunha - Fundação São Francisco Xavier
- Hospital dos Fornecedores de Cana de Piracicaba
- Hospital Evangélico de Vila Velha
- Complexo Hospitalar Unimed Guarulhos
- Hospital Unimed-BH - Unimed Contorno
- Hospital Unimed-BH - Unimed Betim
- Hospital Risoleta Tolentino Neves

### **Awarded Healthcare Providers:**

- Unimed Araxá
- Unimed Campinas
- Unimed Curitiba
- Unimed Florianópolis
- Unimed Fortaleza
- Unimed Franca
- Unimed Guarulhos
- Unimed Joinville
- Unimed Litoral
- Unimed Londrina
- Unimed Maringá
- Unimed Nordeste - Rio Grande Do Sul
- Unimed Pelotas
- Unimed Piracicaba
- Unimed Ponta Grossa
- Unimed Santa Bárbara D'Oeste e Americana

- Unimed Uberaba
- Unimed Uberlândia
- Unimed Vale das Antas
- Unimed Vale do Aço
- Unimed Varginha
- Unimed Volta Redonda

### **Awarded Foundation:**

- Fundação São Francisco Xavier

### **Partnership with ICHOM**

The award ceremony marked the launch of a collaboration between Valor Saúde Brasil and ICHOM (International Consortium for Health Outcome Measurement). This partnership unveiled BEL, an innovative technology integrated with Valor Saúde Brasil, that can be used for the implementation of ICHOM sets. As a gesture of appreciation and acknowledgment for being classified as IVSB Leaders, these 57 distinguished institutions received technology and consulting services for an ICHOM set implementation from Valor Saúde Brasil.
